

Hello from GroveMount Dental Practice,

I wanted to introduce our practice to you as we now offer exclusive Blue Light Card discount across all appointments.

At GroveMount our prime focus is preventive care – we keep a watchful eye on your oral health during regular examinations, and teach your whole family how to preserve their precious teeth – for life.

With that in mind, I can confirm that we will also see your child/ren here on the NHS too, until they are no longer in full time education - providing a qualifying parent is seen by us privately and maintains regular examinations.

We combine gentle dental care with an extensive selection of treatments, including innovative solutions such as subtle teeth aligners (Invisalign®). Our dentists can also offer a full smile redesign service by delivering a combination of our advanced cosmetic and restorative treatments such as a brighter whiter smile with the world's leading whitening system Enlighten Whitening.

We offer our services on a fixed fee basis and aim to make excellent dental health an affordable reality for all of our patients.

We now offer 10% off all appointments to Blue Light Card holders; from routine examinations and hygiene appointments to cosmetic treatments such as Invisalign, smile redesign and whitening by Enlighten.

We're there for the people that are there for all of us.

If you would like to discuss what we can do for you and your family, please give me a call on 812157 or email reception@grovemount.im
